## Objective

Proficient in Salesforce data modeling and SQL, with a track record of driving insights and creating interactive dashboards in the Fuso COC Project. Actively pursuing a rewarding role in Data Science Analytics to contribute proactively and effectively.

## Projects

### Portfolio

- **Charity ML Donor Prediction:** Utilized ML models to predict donors, compared model performance.
- **Bike Share Speedy Success:** Conducted data analysis, provided top 3 recommendations to improve efficiency.
- **Wellness Technology Company:** Analyzed industry trends, investigated opportunities for company's marketing strategy and product development.

## Professional Experience

**Cubastion Consulting Pvt. Limited** Gurgaon, India  
**Associate Consultant** April 2022 – Present

- **Project: Fuso Center Of Competency (Salesforce)**
- Proficient in Salesforce SOQL and Apex Class for providing data-driven insights, developed interactive data visualisations, and creating real-time KPI dashboards for stakeholders.
- Experience in optimising Salesforce data models, object relationship resulting in a 10% improvement in performance.
- Successfully managed Ant Migration Tool for 5 major releases across QA, CM, UAT, and production environments, ensuring smooth transitions.
- **Internal Project: DevOps Siebel**
- Enabled seamless Siebel DevOps using Shell scripting, Jenkins, Jira Bitbucket, Git, and Bitbucket for smooth transitions and efficient code management.
- Integrated Jenkins pipelines with Jira for status-triggered CI/CD, enhancing efficiency through Shell scripting automation.

**Vedanta Limited** Jharsuguda, India  
**Assistant Manager** June 2018 to August 2020

- **Team Supervision:** Led a team of 2 Engineers and 10 technicians in scheduling and executing maintenance work.
- **Pot Parameters Analysis:** Analyzed and reported deviations from SOPs in critical pot operations.
- **Recognition for 5S Improvement:** Received award for 25% increase in PTM Maintenance team's 5S score.

## Skills

- Proficient in Python(Pandas, Numpy, Matplotlib, Scikit-learn), SQL.
- Microsoft Azure, Databricks, Salesforce, Siebel
- Git, GitHub, Bitbucket
- Data Wrangling & Exploratory data analysis
- Statistics, Probability and Machine learning.
- DevOps: Linux, Shell Scripting, Docker, Kubernetes, Jenkins

## Relevant Courses

- Microsoft Azure Data Scientist Associate Professional Certificate
- Introduction to ML with Tensor Flow Nano degree Program Udacity, Scholarship
- Google Data Analytics Professional Certificate

## Education

**National Institute of Technology Patna**  
**B Tech in Mechanical Engineering**  
**CGPA: 7.7/10** May 2018

- **Achievement:** 1st place award in Design Idea Competition organized by IIT Kharagpur and sponsored by MHRD, GoI.
- **Affiliation:** Member of the SUPRA SAE-INDIA student formula team at NIT Patna.
- **Volunteer:** Participated in community services and successfully led a Social Service Organization for 2 years while pursuing the graduation.
